ARIA

Crisp and modern, the clean-lined design sets a new style direction. Harmonious lines are skillfully fused into a soft and comfortable design. Refined details, precise shapes, and attention to detail give Aria its special touch.

Designed by Matteo Nunziati, Aria offers a combination of formal elegance, comfort, and quality. The visible painted steel structure wraps around the back of the sofa, giving it a modern and unique look. The collection is suitable for both residential and public areas, such as hotel lobbies.
